

biography

State of Being embodies music at its most dynamic, energetic, sophisticated and powerful — all at once. “Haywire,” the group’s third full-length studio CD, represents a level of proficiency that can only come from longevity. It’s interesting that State of Being’s first release ten years ago was titled “Dysfunctional Vision.” SOB brainchild and lead singer Christopher Földi has remained true to his original vision, while allowing it to evolve and mature.

With Andy Kubiszewski (ex-drummer of Stabbing Westward, The The, Prick) at the controls as producer of “Haywire,” Földi and bandmates have crafted a unique and accessible fusion of brooding vocals, ethereal keyboards, blistering guitars and a solid rhythm section. It’s no wonder that State of Being was voted Best Alternative/Electronic Act two years in a row (2004, 2005) by *Scene Magazine*, Cleveland’s premier arts and entertainment weekly. And the band – which also includes Shara Földi (keyboards, vocals), Scott Földi (guitars, vocals), Rayanne Turek (bass, vocals), and Randy Blaire (drums) – continues to gain new fans and radio airplay throughout the U.S., Canada and as far away as Australia.

Critical Acclaim:

“I was blown away by the opening title track, ‘Haywire’. Play the 4th track, ‘Whitespace,’ real loud and feel the megacool synthesizer beat in your body - not to mention the awesome acoustic-based chorus. This is what I call hyperintelligent music!” - Melodic.net

“Seamlessly blending industrial, goth, and electronica, ‘Haywire,’ is a vibrant mixture of dark alternative rock styles that transcends musical boundaries to create a distinctive and captivating sound.” - Dark Realms Magazine

State of Being has released three full-length CDs, several CD-EPs, and two music videos, and appears on several compilation CDs, including “Notes IV” (Invisible Records). State of Being music can also be found on the soundtrack of the supernatural comedy-feature film, “So, You’ve Downloaded A Demon” (Accidental Films). The band has performed in support of numerous national and international acts including Kill Hannah, Dope, Pigface, The Used, Thrill Kill Kult, Chemlab, Tapping the Vein, Sister Machine Gun, Gravity Kills, and The Church.

stateofbeing is:

Christopher Földi: lead vocals, guitar, programming
